Register and Login

This is the Job Board Home page where we can see all the recent jobs posted by the employer and on the top of the right side we can see Login, Register and Job Listings.

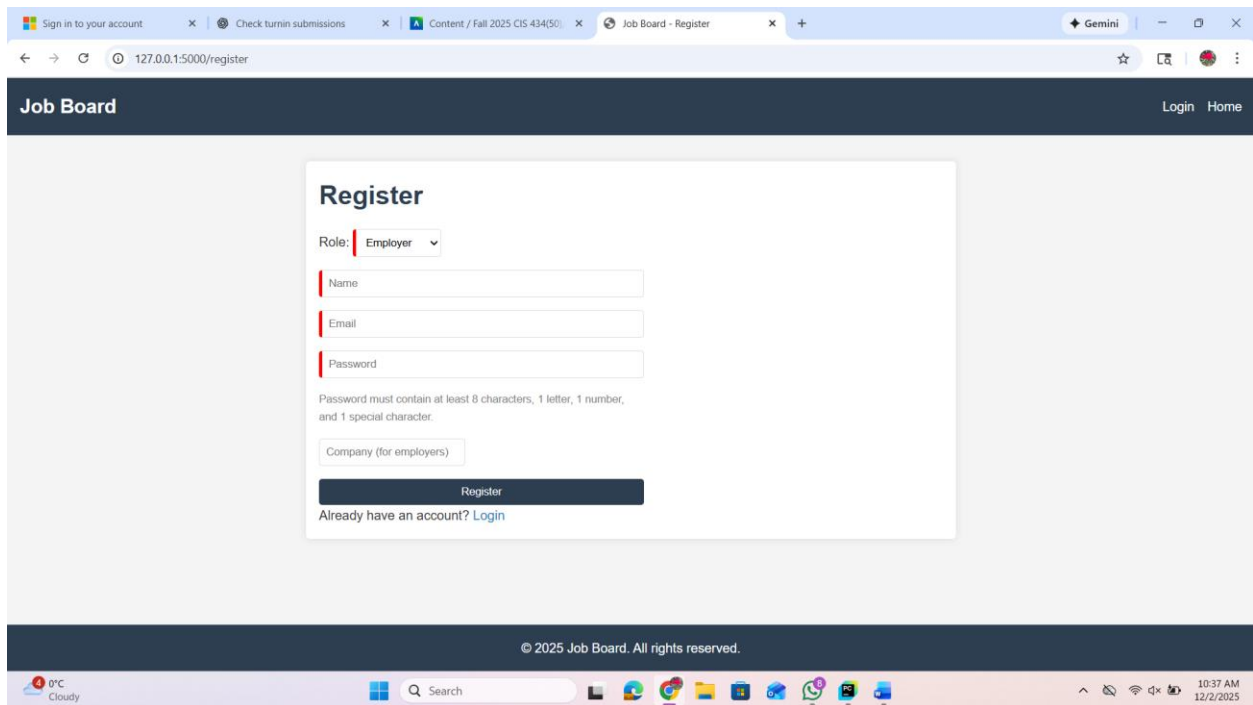

If the user is trying to use the application for the first time he should register first and then Login into the portal.

Once you click on the Register on the top right it will take you to the Register page where you can see Role selection, Name, Email, Password, Company.

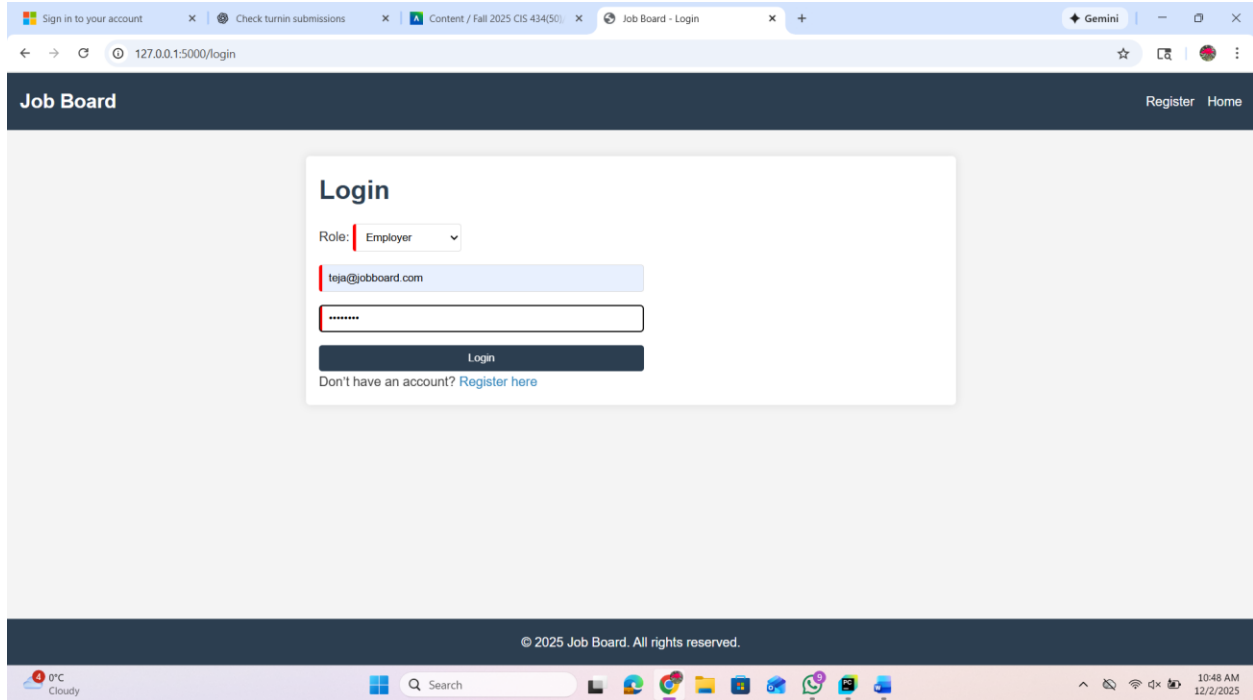

All these fields are mandatory except for the Company, so users should enter all the required details and click Register.

In the Role drop down you should select whether you are Employer or Jobseeker so based on that you will be able to Login.

The screenshot shows a web browser window with the URL `127.0.0.1:5000/register`. The page is titled "Job Board" and has a dark blue header with "Login" and "Home" links. The main content area is a white box titled "Register". Inside the box, there is a "Role:" dropdown menu with "Employer" selected. Below the dropdown are three input fields: "Name", "Email", and "Password". The "Password" field has a red vertical bar on the left and a red vertical bar on the right. Below the "Password" field, there is a text requirement: "Password must contain at least 8 characters, 1 letter, 1 number, and 1 special character." Below this is a "Company (for employers)" input field. At the bottom of the form is a dark blue "Register" button. Below the button is a link: "Already have an account? [Login](#)". The footer of the page is dark blue and contains the text "© 2025 Job Board. All rights reserved." The browser's taskbar at the bottom shows the date and time as "10:37 AM 12/2/2025" and the weather as "0°C Cloudy".

Now it will take you Login page where you can see fields like Role, Email or Password and in the Login page under Role dropdown we can see Admin, Employer or JobSeeker. Later it will ask for Email and Password.

Employer Role:

If you are in the employer role, once the login is successfully completed you will see the below page where employer will be able to see his job postings also he will be able to edit the existing postings as well as they will be able to view the applications submitted under the job postings, also they will be able to delete the job postings.

On the right top corner we can see Post Job and Home.

The screenshot shows a web browser with multiple tabs. The active tab is 'Job Board - My Jobs'. The address bar shows '127.0.0.1:5000/employer/jobs'. The page has a dark blue header with 'Job Board' on the left and 'Post Job' and 'Home' on the right. The main content area is titled 'My Jobs' and shows a table of jobs. The table has columns for Title, Location, Category, Salary, and Actions. There are two rows of job data. The first row has 'test' for Title, Location, and Category, and '1000.0' for Salary. The second row has 'test1' for Title, 'NY' for Location, and 'tester' for Category, with a salary of '10000.0'. Each row has an 'Edit | Applications |' link and a 'Delete' button. The footer shows '© 2025 Job Board. All rights reserved.' and a Windows taskbar with the date '10:50 AM 12/2/2025'.

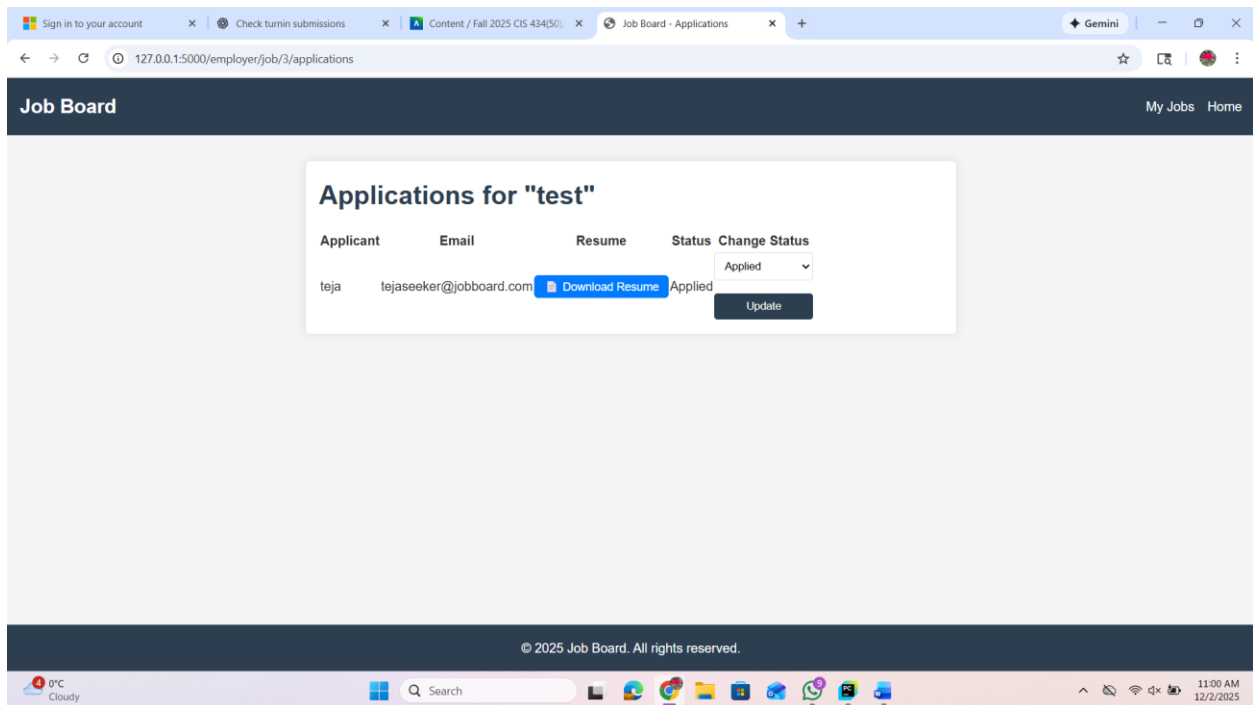

Title	Location	Category	Salary	Actions
test	test	test	1000.0	Edit Applications <button>Delete</button>
test1	NY	tester	10000.0	Edit Applications <button>Delete</button>

If we click on Edit option, we can see below page and we can update job accordingly.

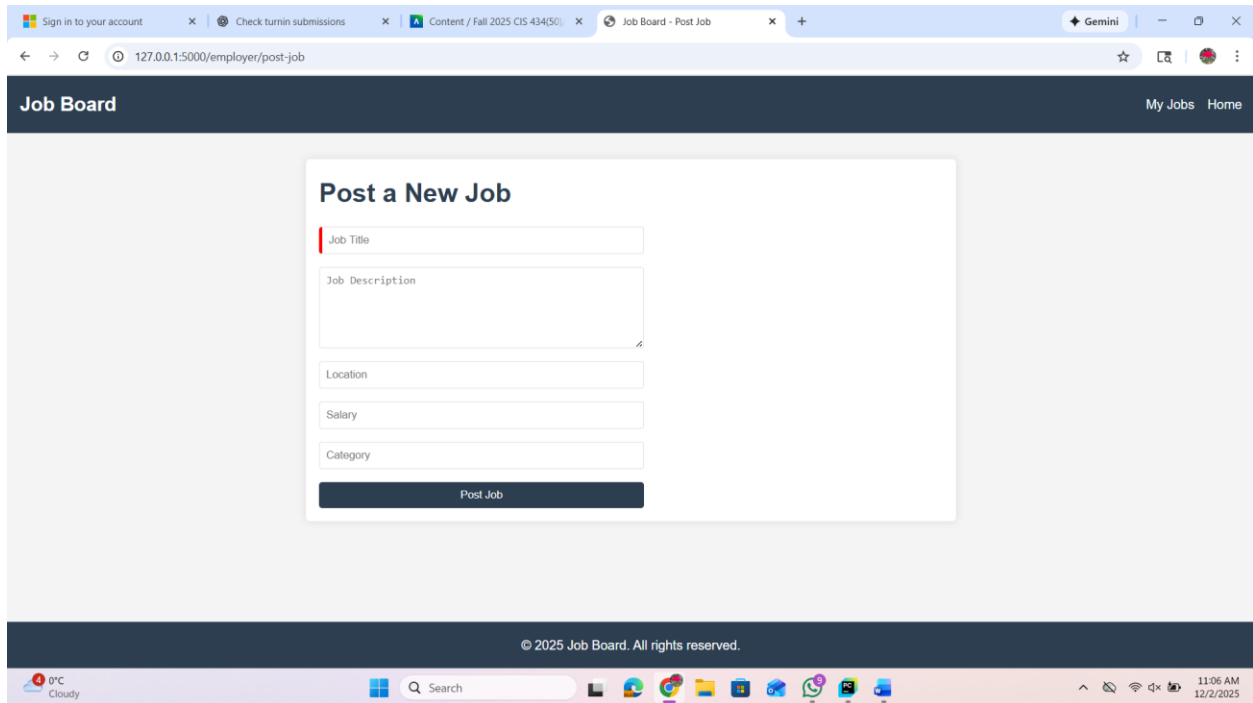

The screenshot shows the 'Edit Job' page in the Job Board application. The browser tabs and address bar are the same as in the previous screenshot. The header is identical. The main content area is titled 'Edit Job' and contains a form with five input fields. The first field contains 'test', the second 'test', the third 'test', the fourth '1000.0', and the fifth 'test'. At the bottom of the form is a dark blue button labeled 'Update Job'. The footer and taskbar are the same as in the previous screenshot.

Title	Location	Category	Salary	Actions
test	test	test	1000.0	Edit Applications <button>Delete</button>
test1	NY	tester	10000.0	Edit Applications <button>Delete</button>

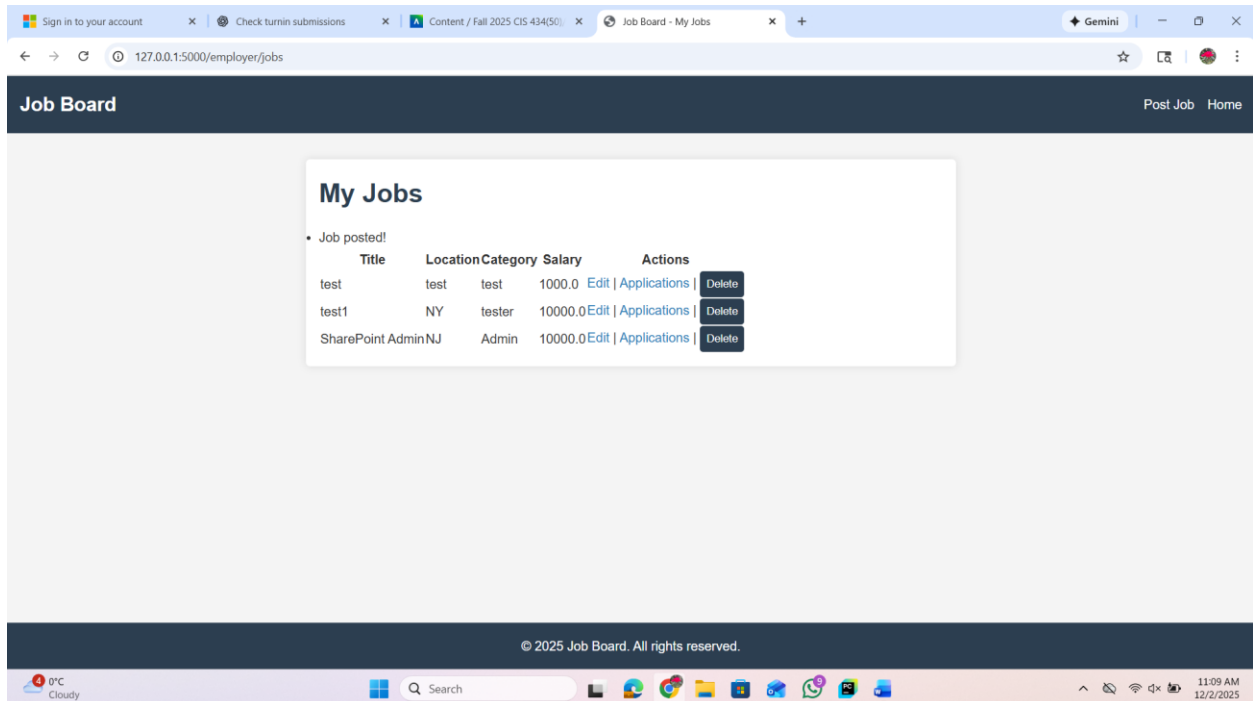

By clicking the Applications, we will be able to see submitted applications of the job seekers. The employer will be able to download the Resume and also change the status of the application and update it.

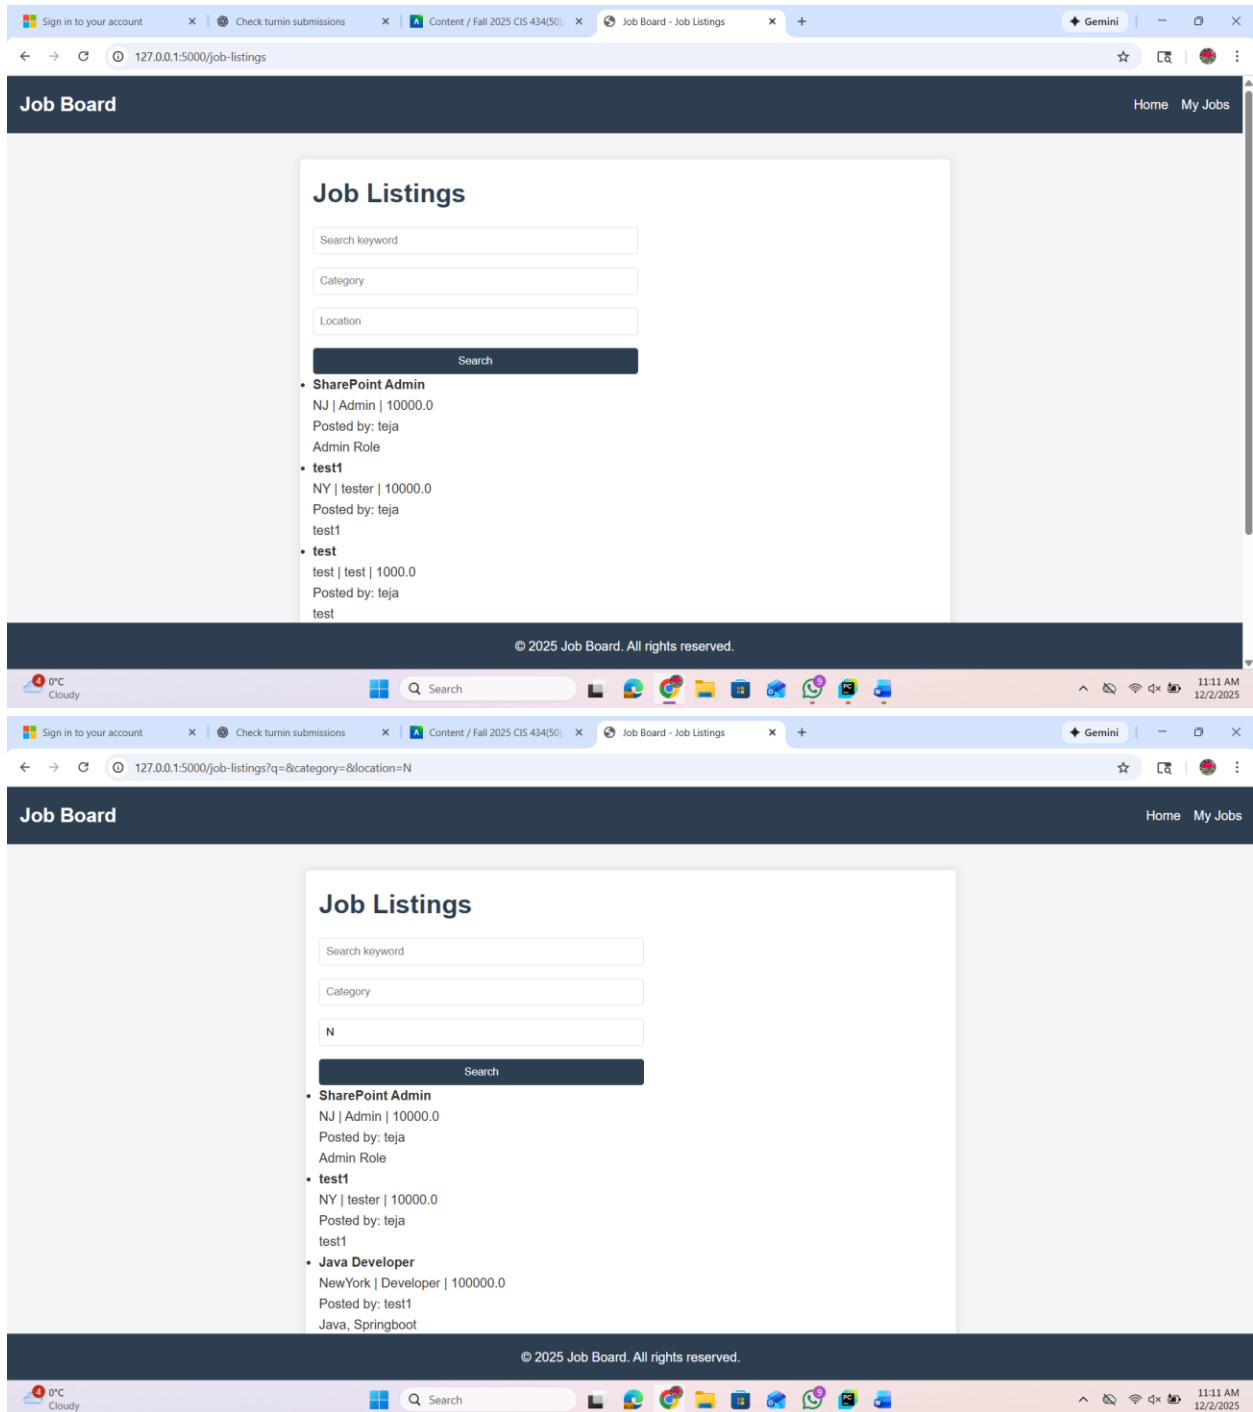

By clicking on the My Jobs we will come back to page, and also by clicking on Post Job we can see below page.

We can see Job Title, Job Description, Location, Salary and Category need to fill all the required fields and once click on Post Job we will be able to see under my jobs.

Under Jo Listings Page the user will be able to search jobs by keyword, category and Location

The above functionality is the Employer duties

Job Seeker Role

Same like Employer if the jobseeker is new, they need to Register first and then Login later after creating the account as shown above.

The Register page for Employer and Jobseeker are different as shown below

It will ask for Name, Email and Password and Resume where the jobseeker will be able to upload resume from local computer.

The screenshot shows a web browser window with the URL `127.0.0.1:5000/register`. The page title is "Job Board" and it includes a "Login Home" link in the top right. The main content is a "Register" form for a "Job Seeker". The form includes fields for "Name", "Email", and "Password". A note specifies that the password must contain at least 8 characters, 1 letter, 1 number, and 1 special character. There is also a section for "Upload Resume (PDF, DOC, DOCX, TXT)" with a "Choose File" button and the text "No file chosen". A "Register" button is at the bottom of the form, and a link for "Already have an account? Login" is below it. The footer of the page states "© 2025 Job Board. All rights reserved." The Windows taskbar at the bottom shows the date and time as 11:23 AM on 12/2/2025.
